PROJECTS

Echo Essentials E-Commerce App | *React.js, Node.js, Express.js, PostgreSQL, Render*

- A specialized e-commerce platform for selling musical instruments like guitars, drums, and pianos.
- Built with React.js for a responsive and intuitive shopping interface, ensuring smooth customer interactions.
- Powered by Node.js, Express.js, and PostgreSQL on Render for strong back-end performance and easy scalability.

DGC Developments Website | *React.js, Tailwind CSS, Netlify*

- A sophisticated platform highlighting luxury custom home builds in Los Angeles.
- Built with React.js for dynamic content and Tailwind CSS for a modern, mobile-friendly user experience.
- Deployed on Netlify for quick load times and consistent reliability.

Personal Portfolio Website | *React.js, Microsoft Azure*

- A personal website showcasing technical skills, projects, and educational background.
- Features multiple pages, including Home, About, Portfolio, and Contact, for a comprehensive overview of work.
- Hosted on Microsoft Azure for high availability and consistent performance.

CERTIFICATIONS

- CompTIA Security+
- Microsoft Certified: Azure Security Engineer Associate
- Microsoft Certified: Azure Fundamentals
