Activities: Association of IT Professionals (AITP)

Louisiana State University || Baton Rouge, LA

May 2024 – November 2024

Software Engineering Bootcamp

Brief Overview: An immersive program that covers both front-end and back-end technologies. The curriculum includes fundamentals of web development such as HTML, CSS, and JavaScript, before diving into more advanced topics such as React.js for building dynamic user interfaces. On the back-end side, the curriculum includes Node.js and Express.js for server-side development, along with databases like PostgreSQL to manage data effectively. The program emphasizes hands-on learning through projects and real-world applications, culminating with a capstone project to complete the program.

SKILLS

- **Languages and Frameworks:** JavaScript, React.js, Node.js, Python, Django, HTML, CSS
- **Databases:** PostgreSQL, MySQL, MongoDB
- **Technologies:** Redux, Jest, REST APIs, Git, Docker, Kubernetes, Operating Systems
- **Cloud/DevOps:** Microsoft Azure, Amazon Web Services
- **Soft Skills:** Self-Motivation, Resiliency, Problem-Solving, Project/Time Management, Communication

CERTIFICATIONS

- CompTIA Security+
- Microsoft Certified: Azure Security Engineer Associate
- Microsoft Certified: Azure Fundamentals

PROJECTS

- Personal Portfolio Website (React.js)
- Echo Essentials E-Commerce App (React.js, Node.js, Express.js, PostgreSQL)

WORK EXPERIENCE

Troyer Builders: *Project Manager*

11/2023 - Present

- Lead the strategic planning, execution, and delivery of multiple luxury residential projects, with budgets ranging from \$1 million to \$10 million.
- Manage and optimize project schedules to ensure timely completion while staying within budget and upholding exceptional standards of quality and craftsmanship.
- Maintain daily communication with clients and upper management to provide progress updates, discuss financials, and review design decisions.

Troyer Builders: *Construction Management Assistant*

06/2022 – 11/2023

- Streamlined and developed a project management template that was adopted company-wide, enhancing consistency and efficiency across all projects and improving overall project tracking and reporting.
- Assisted in managing multiple construction projects by coordinating with subcontractors, suppliers, and internal teams to ensure timely completion and adherence to project specifications and quality standards.
- Maintained detailed project records, including contracts, change orders, and progress reports; prepared and distributed regular updates to clients and management to facilitate informed decision-making.
